2018 VAVRS President Scott Davis
2018 AVAVRS President Ailease Short
2018 VAJVRs President Adarah Williams

To all potential Rescue College participants:

The 2018 Rescue College Committee wants to help you understand our brochure since in the past we have had opportunities arise that we hope can be addressed in this letter.

We have divided this year's brochure into several sections:

EMS programs for EMS Certification Levels
Management Programs
Technical Rescue Programs
Youth Rescue Programs
Instructor Programs

We want you to take as many programs as you wish; however, when registering, please make sure that your courses do not conflict in begin and end dates.

Some programs require special PPE so please look at the beginning of the Technical Programs or within the descriptions to verify the need for those items.

If there are book fees or specialty fees, we have attempted to provide those within the course description. Please note with your class acceptance letter from the instructor, we will try to verify the cost of the books since they can change after the printing of this brochure.

Some of the Technical Rescue Programs require that you have other certifications before taking them and we have noted those requirements within the course description. If a course requires you to hold another certification you **MUST** mail a copy of it with your registration. If it is not submitted with your registration, your registration will be returned as incomplete.

All VAVRS Instructor programs require that you hold either instructor certification with: Virginia Department of Fire Programs, Virginia Office of EMS, Virginia Department of Criminal Justice System, Accredited Instructor Certifications or you will be required to take METHODS OF INSTRUCTION. This course is offered twice a year: at the VAVRS Spring BOG and at the annual Rescue College. In the course description you will find the dates of the Spring BOG and the annual Rescue College. If you currently hold any of the instructor certifications you **MUST** submit that documentation with your registration. If it is not submitted, your registration will be returned as incomplete.

The VAVRS Instructor programs require that you hold basic certification and take a pretest on which you must score an 80 to successfully qualify for the program. These pretests are available by contacting the VAVRS State Office who will supply you with the contact information for the Course Coordinators and/or Instructor Trainers who will administer them. You will need to make arrangements to take the pretest (s) prior to the deadline of Monday, March 26, 2018. Please note the pretests are good for two Rescue Colleges.

If you have any questions please contact the VAVRS Office at:
800 833 0602
804 749 8191
vavrs@vavrs.com

They will be glad to assist you.

We look forward to seeing you at the 2018 Rescue College.

THE VAVRS STATE RESCUE COLLEGE

is held annually to offer basic and instructor level training programs. State Rescue College provides training that enables providers to become better qualified in the many phases of basic and specialized rescue services statewide.

OUR GOAL

is to increase the level of patient care provided statewide. By successfully training candidates who exhibit advanced knowledge and leadership skills in a particular VAVRS course to become qualified instructors, we increase the basic and advanced levels of emergency service provided statewide. Specialized education in these areas will assist our members in their effort to become well-rounded and productive members of their rescue organization. The VAVRS is committed to providing a variety of exceptional training programs; from EMT recertification to Operational Medical Director Training to Management programs and Technical Rescue training utilizing the most current training course outlines available.

LODGING INFORMATION

Discount room rates have been secured at the conference headquarters, The Inn at Virginia Tech Skelton Conference Center, for all participants needing housing during college. When making your room reservations, you must state that you are attending the VAVRS Rescue College to receive the discounted room rate. You must CALL the Inn at Virginia Tech and Skelton Conference Center direct to make your room reservations. (Sorry - Discount room rate is NOT AVAILABLE with on line reservations.)

To make your reservations call the Conference Headquarters:

The Inn at Virginia Tech Skelton Conference Center
901 Prices Fork Rd
Blacksburg, Virginia 24061
540-231-8000

Special Discounted Room rate is \$99.00 + 5.3% tax per night (Virginia State Sales tax is subject to change without prior notification). Students are responsible for their own housing reservations. You are advised to make your reservations early as rooms will sell out. Affordable breakfast, lunch buffets, dinner specials and entertainment will be available daily at the hotel restaurant and sports lounge. **Reservation cut-off date is Monday May 7, 2018.**

Additional Lodging: Hilton Garden Inn, 900 Plantation Rd, Blacksburg, VA 24060 540-552-5505

Group Code VAVRS reservation deadline 5/4/2018 - \$108.00 plus applicable taxes

Holiday Inn Express & Suites, 1020 Plantation Rd., Blacksburg, VA 24060 540-552-5636
(located 1/2 block from The Inn)

Courtyard Marriott, 105 S. Park Dr., Blacksburg, VA 24060 540-552-5222
(located 1 mile from The Inn)

Hyatt Place Blacksburg/University 650 University Blvd, Blacksburg, VA 24060 540-552-7500

Hotel rates/tax comparable to The Inn; early registration is recommended.

REGISTRATION & SCHEDULE OF EVENTS

All students are required to pick up their registration packet prior to attending any classes. The registration booth will be located in the lobby area of the Conference Center.

Registration Booth Hours:

| Day | Date | Times |
|-----------|-----------|---|
| Saturday | 6-09-2018 | 7:00 am - 9:00 am 12:30 pm - 5:00 pm |
| Sunday | 6-10-2018 | 7:00 am - 9:00 am 12:30 pm - 5:00 pm |
| Monday | 6-11-2018 | 7:00 am - 9:00 am 12:30 pm - 5:00 pm |
| Tuesday | 6-12-2018 | 7:00 am - 9:00 am 12:30 pm - 5:00 pm |
| Wednesday | 6-13-2018 | 7:00 am - 9:00 am 12:30 pm - 5:00 pm |
| Thursday | 6-14-2018 | 7:00 am - 9:00 am 12:30 pm - 5:00 pm |
| Friday | 6-15-2018 | 7:00 am - 9:00 am 12:30 pm - 5:00 pm |
| Saturday | 6-16-2018 | 7:00 am - 9:00 am |

Friday, June 15, 2018, 6:00 p.m. - Cook Out

EMS-001

PREHOSPITAL TRAUMA LIFE SUPPORT—PHTLS Instructor(s): Stuart Davis EMS & Rescue Education Specialists

Prehospital Trauma Life Support (PHTLS) courses are nationally recognized continuing education programs for prehospital emergency health care professionals that bring the care of the trauma patient into a single focus.

PHTLS courses provide a prehospital trauma care philosophy, stressing the need to treat the multisystem trauma patient as a unique entity with specific needs. This may require an approach to the trauma patient that varies from traditional treatment modalities.

PHTLS courses are based on the **Advanced Trauma Life Support (ATLS)**, a course for physicians developed by the American College of Surgeons-Committee on Trauma. More importantly, PHTLS courses follow the principles of care of trauma patients as developed by the Committee on Trauma. **MAXIMUM of 25.** Textbook is required for class, information will be sent with acceptance letter. **CLASS IS FOR BLS AND ALS PROVIDERS, NURSES OR EQUIVALENT.**

CEU'S OFFERED FOR EMR, EMT, AEMT, Intermediate, Paramedic

8:00 a.m. - 5:00 p.m. Tuesday, June 12

8:00 a.m. - 5:00 p.m. Wednesday, June 13

Age 16 and up: if 16-18 MUST have letter of recommendation from agency

EMS EDUCATIONAL PROGRAMS

FOR EMR, EMT, AEMT, Intermediate, Paramedic

EMS-002 ADVANCED CARDIAC LIFE SUPPORT-ACLS

Instructor(s): Stuart Davis EMS & Rescue Education Specialists

The AHA Advanced Cardiovascular Life Support course is totally redesigned for healthcare providers who either direct or participate in the resuscitation of a patient, whether in or out of hospital. Through the ACLS course, providers will enhance their skills in the treatment of the adult victim of a cardiac arrest or other cardiopulmonary emergencies. ACLS emphasizes the importance of basic life support CPR to patient survival; the integration of effective basic life support with advanced cardiovascular life support interventions; and the importance of effective team interaction and communication during resuscitation. ACLS is based on simulated clinical scenarios that encourage active, hands-on participation through learning stations where students will practice essential skills individually, as part of a team and as team leader. Realistic simulations reinforce the following key concepts: proficiency in basic life support care, recognizing and initiating early management of pre-arrest conditions; managing cardiac arrest, identifying and treating ischemic chest pain and acute coronary syndromes, recognizing other life-threatening clinical situations (such as stroke) and providing initial care, ACLS algorithms, and effective resuscitation team dynamics. ACLS is appropriate for paramedics, pediatricians, house staff, physicians, respiratory therapists. **MAXIMUM of 25.** Textbook is required for class, information will be sent with acceptance letter. **CLASS IS FOR INTERMEDIATE, PARAMEDIC OR NURSING EQUIVALENT.**

CEU'S OFFERED FOR Intermediate, Paramedic

8:00 a.m. - 5:00 p.m. Sunday, June 10

8:00 a.m. - 5:00 p.m. Monday, June 11

AGES: 18 and up

EMS-003 PEDIATRIC ADVANCED LIFE SUPPORT - PALS

Instructor(s): Stuart Davis EMS & Rescue Education Specialists

The goal of the PALS course is to provide the student with: Information needed to recognize infants and children at risk for cardiopulmonary arrest, information and strategies needed to prevent cardiopulmonary arrest in infants and children and the cognitive and psychomotor skills needed to resuscitate and stabilize infants and children in respiratory failure, shock or cardiopulmonary arrest. PALS is based on simulated clinical scenarios that encourage active, hands-on participation through learning stations where students will practice essential skills individually, as part of a team, and as a team leader. Realistic simulations reinforce the following key concepts: proficiency in basic life support care, recognizing and initiating early management of pre-arrest conditions, managing cardiac arrest, recognizing other life-threatening clinical situations (such as respiratory distress) and providing initial care, PALS algorithms, and effective resuscitation team dynamics. PALS is appropriate for paramedics, pediatricians, house staff, physicians, respiratory therapists. **MAXIMUM of 25.** Textbook is required for class, information will be sent with acceptance letter. **CLASS IS FOR INTERMEDIATE, PARAMEDIC OR NURSING EQUIVALENT.**

CEU'S OFFERED FOR Intermediate, Paramedic

6:00 p.m. - 10:00 p.m. Friday, June 8

8:00 a.m. - 5:00 p.m. Saturday, June 9

AGES: 18 and up

EMS-004 GERIATRIC EDUCATION FOR EMERGENCY MEDICAL SERVICES - GEMS

Instructor(s): Stuart Davis EMS & Rescue Education Specialists

The GEMS course is designed to address all of the special needs of the older population, including the geriatric objectives within the National Standard Curricula for EMS and for the National Registry Refresher course. The program provides basic knowledge and skills necessary to: describe the four aspects of the GEMS Diamond (geriatric, environmental, medical, social); discuss and describe the physical and social aspects of aging, independence and ageism; principles and strategies for communicating effectively with the elderly; principles for various trauma and medical emergencies; end of life care, hospice and palliative care program; assessment for abuse, documentation and reporting and who is at risk; EMS and community responsibilities for the quality of life in our older population. **MAXIMUM of 25.** Textbook is required for class, information will be sent with acceptance letter. **CLASS IS FOR BLS AND ALS PROVIDERS, NURSES OR EQUIVALENT**

CEU'S OFFERED FOR EMT, AEMT, Intermediate, Paramedic

8:00 a.m. - 5:00 p.m. Saturday, June 16

Age 16 and up: if 16-18 MUST have letter of recommendation from agency

EMS-005 ADVANCED MEDICAL LIFE SUPPORT - AMLS

Instructor(s): Stuart Davis EMS & Rescue Education

This AMLS course is designed for all levels of healthcare providers. AMLS is the first course that offers a "think-outside-the-box" method of assessing and managing a patient in medical crisis. It emphasizes using scene size up, interactive group discussion on potential treatment strategies, history, and probabilities in diagnosing a patient's medical problem. AMLS implements an initial assessment-based approach that progresses to a diagnostic-based approach to develop a treatment plan for a specific medical condition. This 16 hour, two-day program consists of interactive lectures, teaching and evaluation stations. The interactive/case based lectures include the following topics: Patient Assessment, Airway Management, Assessment of the Shock Patient, Dyspnea/Respiratory Failure, Chest Pain, altered Mental Status, and Abdominal Pain. Teaching stations follow the associated lectures each day. **MAXIMUM of 25.** Textbook is required for class, information will be sent with acceptance letter. **CLASS IS FOR BLS AND ALS PROVIDERS, NURSES OR EQUIVALENT.**

CEU'S OFFERED FOR EMT, AEMT, Intermediate, Paramedic

8:00 a.m. - 5:00 p.m. Thursday, June 14

8:00 a.m. - 5:00 p.m. Friday, June 15

AGES: 18 and up

EMS EDUCATIONAL PROGRAMS

FOR EMR, EMT, AEMT, Intermediate, Paramedic

EMS-006 TACTICAL MEDIC COURSE -

Instructor(s): Stuart Davis EMS & Rescue Education Specialists

The Tactical Medic Course is a “hands-on” program developed by the military for those individuals needing special tactics and training in trauma care when unique environmental conditions prolonged transport times, or other special situations exist. This course will cover CASEVAC, BEDEVAC, equipment selection and team health. There will be both classroom and scenario training including tourniquets, advanced airway techniques, thoracic and abdominal trauma and needle decompression as well as many other useful techniques. **MAXIMUM of 25.** Textbook is required for class, information will be sent with acceptance letter. **CLASS IS FOR BLS AND ALS PROVIDERS, NURSES OR EQUIVALENT.**
CEU'S OFFERED FOR EMT, AEMT, Intermediate, Paramedic

8:00 a.m. - 5:00 p.m. Friday, June 15

8:00 a.m. - 5:00 p.m. Saturday, June 16

Age 16 and up: if 16-18 MUST have letter of recommendation from agency

EMS-007 PEDIATRIC EDUCATION FOR PREHOSPITAL PROFESSIONALS - PEPP Instructor(s): TBD

PEPP represents a complete source of prehospital medical information for the emergency care of infants and children. Developed by the American Academy of Pediatrics, PEPP is an exciting curriculum designed to teach prehospital professionals how to better assess and manage ill or injured children.

PEPP is a comprehensive, innovative, and highly visual course featuring case-based lectures, live-action video, hands-on skills stations, and small group scenarios.

The Basic Life Support (BLS) course is geared toward the Emergency Medical Responder (EMR) and Emergency Medical Technician (EMT) and the Advanced Life Support (ALS) course is geared toward the Advanced Emergency Medical Technician (AEMT) and Paramedic. The PEPP Course Coordinator should determine which course (BLS or ALS) is most appropriate for an individual. Any health professional who is responsible for the emergency care of children may find this course beneficial.

8:00 a.m. - 5:00 p.m. Saturday, June 9

8:00 a.m. - 5:00 p.m. Sunday, June 10

AGES: 16 and up

EMS-008 EMS AND FORENSIC EVIDENCE

Instructor: Clay Overholt

As EMS providers we find ourselves in situations that require observation and that “BE CAREFUL WHAT YOU DISTURB SIGN”. This program will present “food for thought”, relating to the potential or actual crime scene. Learn how you can do the best for your patient, their family, the medical examiner and for those investigating these events.

8:00 a.m. - 5:00 p.m. Wednesday, June 13

AGES: 16 and up

EMS-009 HAZARDOUS MATERIALS FIRST RESPONDER AWARENESS - BASIC

Instructor: Ken Frenier

This one-day course is designed to introduce rescue personnel who may be subject to discovering, reacting to and conducting initial operations at the scene of a hazardous chemical release. Students will be trained to recognize a potentially hazardous situation, to take appropriate steps to provide for self protection and to initiate effective response actions.

8:00 a.m. to 5:00 p.m. Thursday, June 14

AGES: 16 and up

EMS-010 INFECTIOUS DISEASE CONTROL

Instructor: Karen Wagner

This course meets OSHA regulations and OEMS required hours for infection control training. The class covers blood borne pathogens and airborne diseases. Do you know about OSHA regulations? Do you know how to protect your health? If not, you should attend this course.

12:30 p.m. - 4:00 p.m. Wednesday, June 13

AGES: 16 and up

EMS-011 DESIGNATED INFECTION CONTROL OFFICER UPDATE ONLY *must hold current certification as DICO -

Instructor: Karen Wagner

This course is to provide the needed updated information for those individuals who are already certified as Designated Infection Control Officer(s). The information will bring you up to date on what you need to know and meet the requirements to maintain your certification.

8:00 a.m. to 11:30 a.m. Wednesday, June 13

AGES: 18 and up

EMS-012 DESIGNATED INFECTION CONTROL OFFICER

Instructor: Karen Wagner

This course is designed to teach you the responsibilities of the Infectious Disease Control Officer for your organization. It will cover all the tools you will need to hold this position as required by the Virginia Office of EMS for all EMS Agencies.

8:00 a.m. - 5:00 p.m. Thursday June 14

AGES: 18 and up

EMS EDUCATIONAL PROGRAMS FOR EMR, EMT, AEMT, Intermediate, Paramedic

EMS-013 SPORTS INJURY/SPORTS MEDICINE FOR EMS PROVIDERS

Instructor: Mike Goeforth

As EMS providers we find ourselves in situations that require observation and that “BE CAREFUL WHAT YOU DISTURB SIGN”. This program will present “food for thought”, relating to the potential or actual crime scene. Learn how you can do the best for your patient, their family, the medical examiner and for those investigating these events.

8:00 a.m. - 5:00 p.m. Wednesday, June 13

AGES: 16 and up

EMS-014 DEFENSIVE TACTICS

Instructor(s): Va State Police

This course is designed to teach you how to apply techniques should they be needed to keep you safe. It will cover both classroom and practical education.

8:00 a.m. - 5:00 p.m. Saturday, June 9

8:00 a.m. - 5:00 p.m. Sunday, June 10

AGES: 16 and up

EMS-015 MENTAL HEALTH AND FIRST AID FOR PUBLIC SAFETY

Instructor(s): Scott Davis & Steve Southworth

Mental Health First Aid for Public Safety is an 8-hour course, that teaches a 5-step action plan:

- *defusing the crisis
- *promoting mental health literacy
- *combating stigma of mental illness
- *enabling early intervention through recognition of signs & symptoms
- *connecting people who care

Participants learn the unique risk factors and warning signs of mental health problems, builds understanding of the importance of early intervention, and, most importantly, teaches individuals how to help someone in crisis or experiencing a mental health challenge. you how to help someone who may be experience a mental health or substance use challenge. The training helps you identify, understand and respond to the signs of addictions and mental illnesses. Taught to police, first responders, corrections officer, and other public safety audiences around the country. This course provides more response options to help deescalate incidents and better understand mental illnesses so they can respond to mental health related calls appropriately without compromising safety.

8:00 a.m. - 5:00 p.m. Saturday, June 9

AGES: 16 and up

EMS-016 SUICIDE AWARENESS: AN INTRODUCTION TO CRISIS RESPONDERS

Presented by: Trisha Copeland & Melissa Krebs, ICISF

The ability to recognize and effectively intervene with suicidal individuals is one of the most challenging aspects of crisis intervention. This course is recommended for those without formal mental health training. The course is designed to increase awareness of suicide, and equip participants with information and basic skills to respond to a person considering suicide. Discussions, demonstrations, and scenarios will be used to facilitate learning. This is an introductory level course.

Program Highlights: · Overview of suicide · Crisis intervention and suicide prevention · Preventative and Protective Factors
· Risk and Recognition · Strategies for Responding to those considering suicide · Referral Skills and Resources

Completion of “Suicide Awareness: An Introduction for Crisis Responders” and receipt of a certificate indicating full attendance (7 Contact Hours) qualifies as a class in ICISF’s [Certificate of Specialized Training Program](#).

AGES: 16 and up

8:00 a.m. - 6:00 p.m. Thursday, June 14

EMS-017 GROUP CRISIS INTERVENTION

Presented by: Trisha Copeland & Melissa Krebs, ICISF

Designed to present the core elements of a comprehensive, systematic and multi-component crisis intervention curriculum, the Group Crisis Intervention course will prepare participants to understand a wide range of crisis intervention services. Fundamentals of Critical Incident Stress Management (CISM) will be outlined and participants will leave with the knowledge and tools to provide several group crisis interventions, specifically demobilizations, defusing and the Critical Incident Stress Debriefing (CISD). The need for appropriate follow-up services and referrals when necessary will also be discussed.

This course is designed for anyone in the fields of Business & Industry Crisis Intervention, Disaster Response, Education, Emergency Services, Employee Assistance, Healthcare, Homeland Security, Mental Health, Military, Spiritual Care, and Traumatic Stress.

Program Highlights

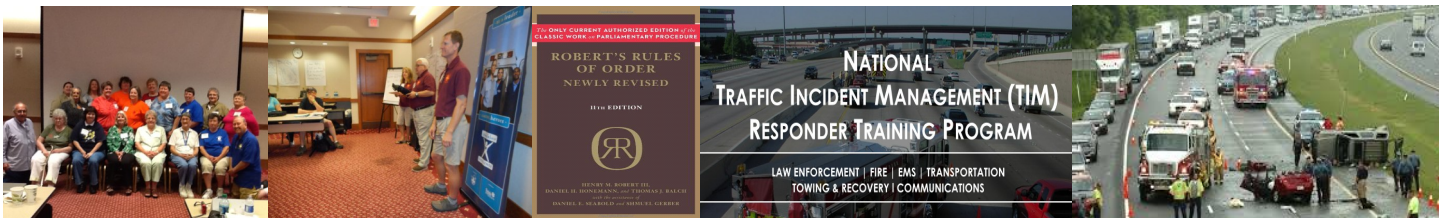

- Relevant research findings
- Incident assessment
- “Resistance, resilience, recovery” continuum
- Large group crisis interventions
- Adverse outcome associated with crisis intervention
- Reducing risks
- Relevant recommendations for practice
- Strategic intervention planning
- Small group crisis interventions

Critical Incident Stress Debriefing (CISD) Completion of “Group Crisis Intervention” and receipt of a certificate indicating full attendance (14 Contact Hours) qualifies as a class in ICISF’s [Certificate of Specialized Training Program](#).

8:00 a.m. - 5:00 p.m. Friday, June 15

8:00 a.m. - 5:00 p.m. Saturday, June 16

AGES: 16 and up

MANAGEMENT COURSES

M-101 AUXILIARY WORKSHOPS

Instructor(s): J.C. and Fran Phillips, Ailease Short

An exciting two day class for Auxiliary and Support Group Members. Some of the items the class will touch on are: Parliamentary Law; Suggestions or Changes you would like to see in the AVAVRS, your District or you Auxiliary; By the book writing of minutes; AVAVRS bylaw revisions to be presented at the 2018 Convention; Officer training/Leadership. Other areas of education will be taught as time permits.

8:00 a.m. - 5:00 p.m. Friday, June 15

8:00 a.m. - 5:00 p.m. Saturday, June 16

AGES: 16 and up

M-102 EMS LEADERSHIP CHALLENGE - SUMMIT

Instructor(s): Gary Dalton, Karen Wagner

All organizations need effective leadership to ensure success and the EMS Leadership Challenge is designed to help you develop the skills needed to coordinate the functions of an EMS team. This 4-Phase program focuses on interpersonal, operational, self-management and technical skills enhancement. The EMS Leadership Challenge, developed by the VAVRS, is recognized by VA Office of EMS as the Gold Standard in EMS Leadership training. Candidates utilize core leadership competencies during this exciting and interactive training program. Phase One- Candidates complete an online self assessment and pre-summit reading assignment; Phase Two- Attend the EMS Leadership Summit, a two-day classroom session working with peer EMS leaders and professional leadership development consultants; Phase Three-Work with a personal mentor to complete self-study assignments; and Phase Four- Complete and present an EMS Leadership Project. This program is recommended for all EMS personnel who have the desire to develop and take their leadership skills to the highest level. VA College credits are available upon completion of the program.

8:00 a.m. - 6:00 p.m. Friday, June 15

8:00 a.m. - 6:00 p.m. Saturday, June 16

AGES: 18 and up

M-103 PARLIAMENTARY LAW

Instructor(s): J.C. & Fran Phillips

A comprehensive review of Parliamentary Law as used in the volunteer setting. If you are a leader or wish to become a leader of your organization, this is the class for you. There are breakout sessions with problems to solve from actual events that happen frequently. Some of the areas covered will be: the proper way of voting and counting ballots; the importance of correct minutes; leadership success; how to conduct an executive session meeting; what happens when charges are preferred against a member?; do you have a Harassment policy?; other topics will be covered to give you an overall educational experience.

8:00 a.m. - 5:00 p.m. Thursday, June 14

AGES: 16 and up

M-104 MANAGING VOLUNTEER AND SMALL COMBINATION RESCUE SQUAD AND FIRE DEPARTMENTS

Presented by: Jerry Ozog, Educational Specialist, VFIS

This workshop reviews 17 key areas of fire department management, e.g. budgeting, bylaws, when to request legal assistance, strategic planning and more. This interactive workshop provides tips for Officers and Board Members in areas which help and assess your emergency services organization.

8:00 a.m. - 12:00 noon Friday, June 15

AGES: 16 and up

M-105 EMERGENCY SERVICE STRATEGIC PLANNING

Presented by: Jerry Ozog, Educational Specialist, VFIS

This program is designed to assist volunteer and combination emergency service organizations in improving their overall performance. Whether called "transformation," "performance management, or "strategic planning," the development of a strategic focus is the core to long term success. Based on two texts from VFIS, "Transforming the Volunteer Fire Service" and "Volunteer Fire Service Strategic Focus Model," a road map to planning and decision-making for your organization is the end result. The workshop is the core product to understand what change is needed and how to implement that change.

1:00 p.m. - 4:00 p.m. Friday, June 15

AGES: 16 and up

MANAGEMENT COURSES

M-106 THE EFFECTIVE RESCUE SQUAD AND FIRE DEPARTMENT LEADER

Presented by: Jerry Ozog, Educational Specialist, VFIS

This presentation is designed for Board Members, Commissioners and Executive Leaders of Emergency Service Organizations. This session will examine ten (10) essential elements within an organization. If one or more of those elements are not working well or are being ignored, a crisis that may threaten the organization's future will likely occur. An additional goal of the "top 10 Threat to Your ESO" program is to present an introduction to promoting a proactive approach to overall organizational effectiveness.

8:00 a.m. - 11:00 a.m. Saturday, June 16

AGES: 16 and up

M-107 VOLUNTEER RETENTION & RECRUITMENT FOR THE EMERGENCY SERVICE

Presented by: Jerry Ozog, Educational Specialist, VFIS

The intent of the retention and recruitment presentation is to initiate a foundation for a long term program by exploring challenges and solutions. The presentation will consist of various potential strategies for participant's consideration in their R&R efforts. The intent of this information sharing is that with careful and conscientious follow-up, a program can be developed that can yield tangible results.

12:30 p.m. - 2:30 p.m. Saturday, June 16

AGES: 16 and up

M-108 EMS OFFICER 1

Presented by: Virginia Office of EMS

Upon successful completion of this course, the student will be able to effectively manage EMS agency operations and administration at the first line supervisory level. Major topics covered in this course are the role of the EMS officer and an AIC or supervisor, facing compliance and accountability issues of the 21st century, recognizing and managing cultural diversity, safety/wellness, TQM, interfacing with the community and media at large, functional leadership, effective communications, incident management system(s) and managing multiple casualty incidents. **Prerequisite: Students must bring a laptop. Limited to 24 Students. Each student is required to bring a laptop and there will be homework assignments due prior to the start of the class (these will be sent after registration deadline to allow plenty of time to complete) - 3 day class Target Audience: ALS, BLS and Administrators**

8:00 a.m.-5:00 p.m. Saturday, June 9 AND 8:00 a.m.-5:00 p.m. Sunday, June 10 concluding 8:00 a.m.-5:00 p.m. Monday, June 11

AGES: 18 and up

M-109 PROMOTING RESPECT AND INCLUSION

Presented by: David Tesh & Christina

This course is designed to raise awareness of how our personal beliefs and experiences impact our actions, words and decision making processes, ultimately affecting our interactions with others. Through this facilitated discussion, we will identify personal and group beliefs and behaviors that influence the workplace and our ability to serve our community.

AGES: 16 and up

This class will be offered 4 different times please sign up for the class you wish to take utilizing the correct "course number."

M-109 PROMOTING RESPECT AND INCLUSION

Presented by: David Tesh & Christina

10:00 am to 12 noon Saturday, June 9

M-110 PROMOTING RESPECT AND INCLUSION

Presented by: David Tesh & Christina

1:00 pm to 3:00 pm Saturday, June 9

M-111 PROMOTING RESPECT AND INCLUSION

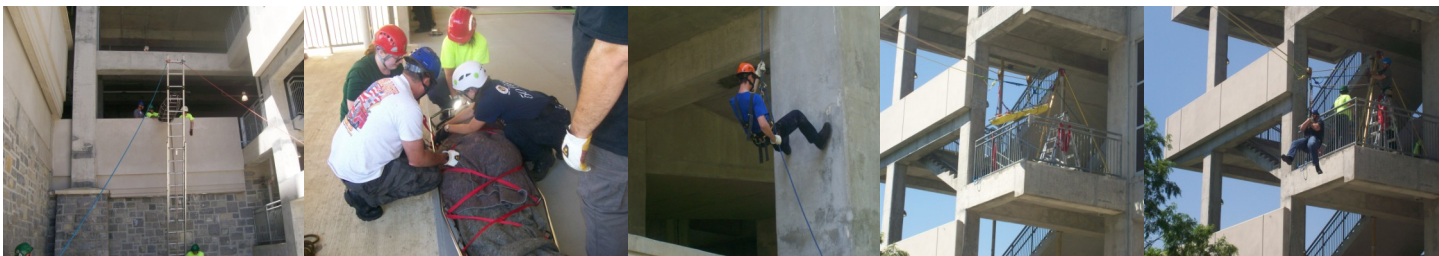

Presented by: David Tesh & Christina

9:00 am to 11:00 am Sunday, June 10

M-112 PROMOTING RESPECT AND INCLUSION

Presented by: David Tesh & Christina

1:00 pm to 3:00 pm Sunday, June 10

Technical Rescue Programs

Students wishing to enroll in the Rescue Tech Program may take all 3 Rescue Tech classes consecutively or one individual program. If you plan to progress from Basic & Light Duty Awareness and Low Angle Operations to Vertical Rescue—High Angle Operations, you must have successfully completed the entire Basic & Light Duty-Rescue Awareness and Low Angle Operations program. If you plan to progress from Vertical-Rescue - High Angle Operations Level to Advanced Vertical-Technical Level you must successfully have completed Basic & Light Duty Rescue-Awareness and Low Angle Operations and Vertical Rescue—High Angle Operations Level to advance.

Students must provide special gear/protective equipment as required for these classes. Students MUST bring your own protective gear: gloves, helmets, hard-soled shoes, eye protection, heavy long sleeved shirt and long pants. RAPPELLING HARNESS IS NEEDED FOR T-301 AND T-302.

Students should be prepared for all types of weather. Classes requiring practical work will be held regardless of weather conditions.

THESE CLASSES ARE PHYSICALLY DEMANDING AND REQUIRE PHYSICAL ENDURANCE.

T-300 BASIC AND LIGHT DUTY RESCUE AWARENESS AND LOW ANGLE OPERATIONS

Instructor(s): Jimmy Rice and Greg Rice

This course is the first step for those wishing to learn rope rescue techniques. This course is designed to teach the basic rescue skills and techniques, the proper use of rescue equipment such as ladders, ropes, etc., and the correct way to rescue persons from heights above or below ground. ***This class is a prerequisite to Vertical Rescue-High Angle Operations***

8:00 a.m. - 6:30 p.m. Saturday, June 9

8:00 a.m. - 6:30 p.m. Sunday, June 10

8:00 a.m. - 6:30 p.m. Monday, June 11

AGES: 16 and up

T-301 VERTICAL RESCUE - HIGH ANGLE OPERATIONS LEVEL

Instructor(s): Bill Camm and Jimmy Rice

This course is designed to offer basic and practical information on the application of rescue techniques from various levels above and below the ground. Emphasis will be placed upon actual rappelling, ascending, rappelled rescue, lowering systems, hauling system, stretcher rigging and all safety procedures. Additional information will be sent to each candidate after acceptance. NOTE: Candidates will be tested at the beginning of the class to prove their ability to tie certain knots. Students should be prepared for this requirement.

Reference Material: On Rope, by Allen Padgett and Bruce Smith.

AGES: 16 and up

Prerequisite: ***Must be certified in Basic and Light Duty Awareness and Low Angle Operations***

8:00 a.m. - 6:30 p.m. Tuesday, June 12

8:00 a.m. - 6:30 p.m. Wednesday, June 13

8:00 a.m. - 6:30 p.m. Thursday, June 14

T-302 ADVANCED VERTICAL RESCUE - TECHNICAL LEVEL

Instructor(s): Bill Camm and Jimmy Rice

This course is the third step in the Rescue Tech series. It is designed for those wishing to learn advanced rope techniques. Students will obtain extensive hands-on experience and have classroom instruction. Emphasis will be placed on rope changeovers, rigging/operating high-lines, tripods and all safety procedures. Skills and knowledge from Basic & Light Duty Rescue-Rescue Tech Level I and Vertical Rescue-Rescue Tech Level II courses will be utilized in this course. NOTE: Candidates WILL BE tested at the beginning of the class on basic rigging, anchors and certain knots. Students should come prepared to demonstrate these skills. **AGES: 16 and up**

Prerequisite:

Must be certified in Basic and Light Duty Awareness and Low Angle Operations and Vertical Rescue - High Angle Operations Level

8:00 a.m. - 6:30 p.m. Friday, June 15

8:00 a.m. - 6:30 p.m. Saturday, June 16

8:00 a.m. - 1:00 p.m. Sunday, June 17

Technical Rescue Programs

The following courses are offered at the basic certification level. Spaces are limited and classes will be filled on a first come, first serve basis. Please note that some classes require prerequisites for registration. You may be required to submit additional documentation with your registration form. Students who register for courses that require special protective equipment/gear must bring the following items to college: *leather gloves, *hard-soled shoes, *safety helmet, *eye protection, *heavy duty clothing (turn-out gear, jeans, long sleeve shirt are recommended). Students taking classes with practical sessions should be prepared for long periods of time outdoors in all types of weather. Classes will be held regardless of weather conditions. Students must be at least 16 years of age to attend all classes unless otherwise noted. CEU's for those holding any level of EMT are available for all courses.

T - 303 CAVE RESCUE

Instructor: Earl Carter

This course is designed to teach the fundamentals of cave search and rescue techniques, transfer and removal, protection, etc., that rescue personnel would encounter in a cave rescue. Material Reference: Universal Study Guide for Cave Rescue Training, 2nd edition, National Speleological Society. **Prerequisites:** Minimum 16 years of age. The course is physically demanding so persons taking this class should be in good physical condition. MUST provide own protective gear. Specifics will be mailed to those who are accepted into the program.

AGES: 16 and up

8:00 a.m. - 5:00 p.m. Saturday, June 9
8:00 a.m. - 5:00 p.m. Sunday, June 10
8:00 a.m. - 5:00 p.m. Monday, June 11
8:00 a.m. - 5:00 p.m. Tuesday, June 12

T - 304 EMERGENCY VEHICLE OPERATOR TRAILER OPERATIONS

Instructor(s): Bubby Bish and Doug Eberhardt

This program was developed to assist in education and hands-on training involving the towing of trailers. This topic includes didactical hours. You must hold current EVOC certification to take this course. A copy of your EVOC certification must accompany your application.

AGES: 18 and up

8:00 a.m. - 5:00 p.m. Wednesday, June 13 **ONE DAY CLASS**

T - 305 FARM MACHINERY EXTRICATION - BASIC

Instructor(s): Scott Masincup and Charlie Provost

Developed in cooperation with Virginia Tech's Agricultural Engineering Department, this course stresses the safe and proper techniques of handling agriculture related accidents. This course includes machinery upsets, victims caught within large machinery, agricultural chemicals and pesticides. Actual hands-on extrication practice will be provided. This class is a prerequisite for the Farm Machinery Extrication-Advanced. Students will be required to provide their own protective gear. MUST BE 18 YEARS OF AGE.

AGES: 18 and up

8:00 a.m. - 6:30 p.m. Wednesday, June 13
8:00 a.m. - 6:30 p.m. Thursday, June 14

T - 306 FARM MACHINERY EXTRICATION - ADVANCED

Instructor(s): Scott Masincup and Charlie Provost

This program is offered to those who have completed Farm Machinery Extrication-Basic. The course will cover rescues from confined spaces such as silos, grain bins and various holding pits.

PREREQUISITES: MUST be certified in Farm Machinery Extrication-Basic. Students will be required to submit a copy of their current basic certification. Students MUST also have completed Basic and Light Duty Rescue- Rescue Tech Level I and SUBMIT a copy of certification. Students MUST provide their own protective gear. MUST BE 18 YEARS OF AGE.

AGES: 18 and up

8:00 a.m. - 6:30 p.m. Friday, June 15
8:00 a.m. - 6:30 p.m. Saturday, June 16

T - 307 VEHICLE RESCUE AWARENESS AND OPERATIONS - BASIC

Instructor: John Craig

This course will teach the latest skills and fundamentals of vehicle rescue. Emphasis will be placed on an orderly and efficient approach to the accident situation, safety procedures, protective equipment and use of tools. The tools will include, but will not be limited to, hand tools, power tools, hydraulic tools, air bags. The course meets NFPA standards. STUDENT MUST PROVIDE FULL TURN OUT GEAR. (VAVRS/DFP/OEMS CERTIFICATION CLASS). MUST BE 18 YEARS OF AGE. ***LIMITED TO 25 STUDENTS***

AGES: 16 and 17 CLASSROOM ONLY
VEHICLE RESCUE AWARENESS CERTIFICATION WILL BE ISSUED
this class is from 8am to 1pm on Sunday
MUST be 18 to take full course

8:00 a.m. - 5:00 p.m. Sunday, June 10
8:00 a.m. - 5:00 p.m. Monday, June 11

Technical Rescue Programs

T - 308

SCHOOL BUS RESCUE

Instructor(s): John Craig and Wayne Myers

The School Bus Rescue program is designed to give the students a well-rounded education in the subjects of bus construction, types of buses and stabilization techniques. It will teach the student how to utilize equipment and resources already at their disposal, as well as recognize the resources in the community that can be readily used in School Bus Rescue. Consideration of multiple victims as well as basic and advanced rescue techniques are taught in a mix of field and classroom exercises. **PREREQUISITES: MUST BE CERTIFIED AND SUBMIT COPY OF CERTIFICATION WITH REGISTRATION IN VEHICLE AWARENESS AND OPERATIONS. MUST BE ABLE TO CLIMB A LADDER CARRYING 75 LBS. MUST BE 18 YEARS OF AGE. MUST PROVIDE OWN FULL TURN OUT GEAR. THIS CLASS IS LIMITED TO 25 STUDENTS. *LIMITED TO 25 STUDENTS***

AGES: 18 and up

8:00 a.m. - 5:00 p.m. Tuesday, June 12

8:00 a.m. - 5:00 p.m. Wednesday, June 13

T - 309

ADVANCED VEHICLE EXTRICATION

Instructor(s): John Craig, , Cecil Leach ,Wayne Myers

This course will offer classroom and scenario training. This course will deal with: Update on Air bag and stored gas inflator avoidance. Hybrid and electric vehicles and dealing with advanced metals used in new vehicles that hydraulic cutters will not cut. Advanced stabilization, using specialized equipment, dealing with cars under and over other cars, cars over obstructions, cars on embankments, floor removal and tunneling, side removal and dash lifts. This is a hands on course. ***LIMITED TO 25 STUDENTS***

Regular Course Prerequisites:

AGES: 18 and up

- Minimum 18 years of age

- MUST hold current certification in VEHICLE RESCUE AWARENESS AND OPERATIONS

8:00 a.m. - 5:00 p.m. Thursday, June 14

8:00 a.m. - 5:00 p.m. Friday, June 15

T - 310

SEARCH AND RESCUE - BASIC

Instructor: Bob Wingfield

This course stresses the importance of pre-planning for search and rescue, search management, tactics, incident command and victim evacuation. Additional information will be sent to each registrant upon enrollment acceptance. Students will participate in a field search session. This program is the same program that is taught by Virginia Department of Emergency Management. The certificate issued will be a joint certification with VAVRS and VDEM.

AGES: 16 and up

8:00 a.m. - 6:30 p.m. Friday, June 15

8:00 a.m. - 6:30 p.m. Saturday, June 16

T - 311

INTRODUCTION TO SWIFT WATER RESCUE - BASIC - Instructor(s): John Nunnally & John Ennis

This one-day course is designed to introduce rescue personnel to different types of water related emergencies. Emphasis will be placed on safety tactics, strategy, equipment, resources and medical considerations. This is designed for the student who is interested in learning the procedures to assist during a water rescue without actually entering the water.

AGES: 16 and up

8:00 a.m. - 5:00 p.m. Thursday, June 14 **ONE DAY CLASS**

T - 312

SWIFT WATER RESCUE - BASIC

Instructor(s): John Nunnally & John Ennis

This course is designed to introduce rescue personnel to water related emergencies through both classroom and practical application. Hands-on practice will be stressed with emphasis being placed on safety, strategy, equipment usage, resources for performing swift water rescue, and medical considerations.

PREREQUISITES: MUST be in good physical condition. Student MUST be an average or better swimmer capable of performing a reasonably good surface dive, swim at least 250 yards fully clothed with a personal flotation device (PFD) and tread water at least 15 minutes without a PFD. MUST provide your own personal protective clothing to include: a pair of shoes that can be worn in a pond or a river or wet suit booties, a wet suit, a pair of scuba fins, a helmet (water rescue type), 1 pair of leather gloves, a personal flotation device (PFD) RESCUE TYPE III ONLY. MUST have completed Introduction to Swift Water Rescue Basic within the past 12 months and MUST submit a copy of your certification with registration. Those attending the Introduction to Swift Water Rescue and continuing on to Swift Water Rescue at the college are NOT required to submit certification.

***** THURSDAY, JUNE 18 POOL WORK WHICH IS MANDATORY**

9:00 p.m. - FINISH Thursday, June 14 (Mandatory for those taking Swift Water Rescue Class)

8:00 a.m. - 7:00 p.m. Friday, June 15

8:00 a.m. - 7:00 p.m. Saturday, June 16

Technical Rescue Programs

T - 313 SPECIAL EVENTS AND OFF-ROAD OPERATIONS (SEOR-OPS) Instructor(s): Tarry Pribble and Gerald Layne

Special Events Vehicle and All Terrain Vehicle for EMS and Fire use.
 This is an 16 -hour “Best Practices” course that includes both classroom and practical exercises. Topics include: safety, Virginia laws, preparing to ride, basic & advanced skills, and hands-on practical evolutions.

Prerequisites: EVOC, safety equipment (helmet, gloves, safety glasses, boots) students MUST provide their own vehicle for the practical evolutions.

AGES: 16 and up

8:00 a.m. - 5:00 p.m. Saturday, June 9
 8:00 a.m. - 5:00 p.m. Sunday, June 10

T - 314 TRICKS OF THE TRADE Instructor(s): TBA

Tricks of the trade goes way beyond the V.M.R. course content. The main focus of the class is specialized machinery and equipment. This also covers everyday commercial kitchen equipment and small shops with machinery and presses, so even a small town will have the potential for this type of rescue call. The other aspect of this class is on impalements. Impalements can come in many forms — such as wood sign poles, car accidents into the woods with tree entrapment into car or patient, steel sign posts, fence posts, rebar from construction sites — the list for both is almost truly endless. Many times these types of calls can only have a good outcome, if the first responder is well trained and keeps up with their training and new theories and concepts. These types of calls are truly gory and very traumatic to all parties involved to say the least. Other special skills for these types of calls require a specially trained paramedic, usually termed as a “crush medic.” To say the least, crush injury/crush syndrome is an extremely life threatening issue, and in some cases even the very best “crush medic” crew and rescue company can, and do with regret, have a morbid outcome.

PPE is required must be certified in Vehicle Rescue Awareness & Operations

AGES: 18 and up

8:00 a.m. - 5:00 p.m. Saturday, June 16

YOUTH PROGRAMS

Y- 400 RESCUE CAMP FOR YOUTH

Instructor(s): Gail Rice and Debbie Rice

A fun-filled exciting program for children **ages 8 to 12**, covering basic EMS skills and rescue work. The students will participate in hands-on training, learning teamwork, and safety. Students will be exposed to several of the rescue classes being taught at the Rescue College.

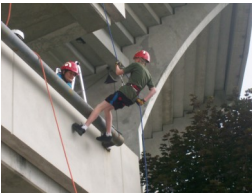

8:00 a.m. - 5:00 p.m. Thursday, June 14
 8:00 a.m. - 5:00 p.m. Friday, June 15
 8:00 a.m. - 5:00 p.m. Saturday, June 16

Y- 401 RESCUE EXPLORERS

Instructor(s): Gail Rice and Debbie Rice

A class for young adults **13 to 15 years** of age interested in learning about EMS. The program will cover basic skills and other rescue work. The students will participate in hands-on training sessions. Students will be exposed to several of the rescue classes being taught at Rescue College.

8:00 a.m. - 5:00 p.m. Thursday, June 14
 8:00 a.m. - 5:00 p.m. Friday, June 15
 8:00 a.m. - 5:00 p.m. Saturday, June 16

500: Instructor Level Courses

The following classes are Instructor Level training courses.

Students wishing to enroll in these courses **MUST** be a member of the VAVRS, or VAVRS member agency. Instructor candidates **MUST** provide all documentation as requested when submitting their registration form.

Incomplete applications will **not be** accepted and will be returned.

Instructor class enrollment is limited.

INSTRUCTOR CANDIDATE REQUIREMENTS - PRETEST REQUIREMENTS and HOW TO MAKE ARRANGEMENTS FOR PRETEST:

All Instructor Candidates **MUST** provide a copy of their current basic certification and successfully complete (80 or above) an instructor pretest in the course they wish to instruct, pretest **DEADLINE is March 26, 2018**.

Pretests are available by contacting the VAVRS Office who will supply you the information to contact the Course Coordinator or an Instructor Trainer. You may also contact the VAVRS Office 800-833-0602 or 804-749-8191 or vavrs@vavrs.com to travel to their location and take the pretest (this is not valid for the "ropes" courses). All pretests are sent to VAVRS Office to be graded and you will receive a letter from the office regarding your score for the pretest. This letter must be mailed with your application. The pretest is good for 2 Rescue College events.

INSTRUCTOR CANDIDATES MUST DEMONSTRATE DURING THEIR RESPECTIVE COURSES the ability to effectively organize and present in both the classroom environment and where applicable, the practical environment, all the materials presented in the course in which you wish to become an instructor. If you cannot present all the material appropriately you will not gain the instructor certification you are seeking.

REGISTRATION: To register for an Instructor Class, **YOU MUST SUBMIT WITH YOUR REGISTRATION:**

- a copy of your current basic certification card
- Copy of your successfully completed pretest
- Copy of prior teaching certifications (for exemption to the Methods course)
- A completed registration form to the VAVRS Office by the deadline date April 2, 2018.

IF THESE ITEMS ARE NOT INCLUDED REGISTRATION WILL BE RETURNED.

I - 500

METHODS OF INSTRUCTION

REQUIRED TO BECOME VAVRS INSTRUCTOR UNLESS YOU ARE EXEMPT SEE BELOW

Instructor: Stephen Ayers

Open to anyone interested in becoming a VAVRS Instructor, this class provides skilled instruction in basic adult education processes. Students will participate in classroom scenarios as well as requirements for becoming and maintaining instructional certification with the VAVRS. ALL INSTRUCTOR CANDIDATES are REQUIRED to complete the Methods of Instruction class. If you are currently certified as a VAVRS, DFP or EMT B INSTRUCTOR or hold Educational Degrees/Certificates, submit a copy of these documents with your registration to be considered for an exception from this program.

AGES: 18 and up

PLEASE NOTE THAT THIS COURSE IS ALSO OFFERED AT THE SPRING BOARD OF GOVERNORS MEETING WHICH WILL BE March 24 and 25, 2018 at Holiday Inn Tanglewood, Roanoke, Virginia, 24018. PRETESTS ARE REQUIRED FOR INSTRUCTOR COURSES PAGE 18 FOR DETAILS

Registration Procedures:

Please complete the registration form in its entirety, you may mail or fax it along with any required documentation to the VAVRS Office. Please note that registration **MUST** be received in the VAVRS Office by:

MONDAY, April 2, 2018.

New for 2018:

For our 2018 Rescue College those who are not members of the VAVRS (agency or individuals) will be able to register beginning March 1, 2018 any applications received prior to that will not be processed until that time.

If you fax your registration, it is your responsibility to verify that it was received by the VAVRS Office.

Please print clearly the information as it will be used on your certification cards and certificates.

Classes have a minimum class enrollment of 15 students. Classes not meeting this are subject to cancellation, students will be advised after the cancellation deadline if there is an issue.

Classes have a maximum class enrollment of 25-30 students depending on the course. Classes are assigned on a first come, so register early.

The VAVRS reserves the right to cancel any classes that do not meet a minimum student enrollment.

If you have any questions, please contact the VAVRS Office at 800-833-0602 or 804-749-8191 for additional information. To register, please enter the course number and information that corresponds with the course you would like to attend in the appropriate location on the registration form.

When completing your registration form, please pay special attention to the following areas

- **Make sure your registration is complete**
- **Enclose your Administrative Fee of \$50 for members**
- **Non member**
 - *IF YOU are taking ACLS, AMLS, GEMS, PALS, PEPP, PHTLS, TACTICAL MEDIC there is an fee \$400 for the 1st class and \$350 for each additional class*
 - *IF YOU are taking a VAVRS one day class there is a fee of \$200, a two day class is \$250 and additional classes would be \$250*
- **Make sure your submission envelope is properly addressed**
- **If registering for a basic class that has prerequisites of other programs be sure to submit a copy of that certification with your registration form**

Instructor Candidates must submit the following with their registration form:

IF THESE DOCUMENTS ARE NOT WITH YOUR REGISTRATION IT WILL BE RETURNED

- You must include a personal resume that summarizes your EMS experience, certifications, affiliations, any prior teaching experience, interests and goals, etc.
- A copy of your current basic certification (s) in the course you wish to become an instructor
- A copy of your pretest for the course you wish to become an instructor (all VAVRS programs require a pretest) (see page 18 for details regarding the pretest)
- A copy of any current instructor credentials, VAVRS, DFP, EMT or State Educational Instructor Licenses or certifications for exemption from the Methods of Instruction class. If we do not receive the credentials with your registration, you will be registered for the Methods of Instruction program.
- Your registration has to be signed by your agency Captain or President for any instructor program (basic classes do not require an agency signature)

After the registration deadline, you will be contacted or receive a letter for EACH PROGRAM in which you have been accepted.
